JM OF \$10,000 IS IN SIGHT

o Restore The Elks Home
That Was Destroyed
By Fire.

FFICERS INSTALLED

using Meeting Of Elks
Lodge Was Held Tues-
day Night.

Another rousing meeting of the Elks Lodge was held Tuesday night in the W. O. W. Hall.

Three more new members were favorably balloted upon. One was reinstated and four applications received and referred to committees. Six candidates, one of them Rev. S. T. Hurst, pastor of Salem Baptist church, will be initiated next Tuesday night if the properties ordered to replace those destroyed in the fire, are received. Otherwise notice will be given in the papers.

Capt. A. G. Chapman, chairman of the Building Fund committee, reported that about \$8,000 had so far been subscribed on the \$10,000 asked for and the committee hoped to make a final report next week.

The attendance was large and the meeting enthusiastic. In the absence of Exalted Ruler C. R. Clark, the Exalted Leading Knight presided. Under the head of new business, the newly-elected officers for the ensuing year were installed by Past Exalted Ruler T. J. Tate.

L. H. Davis, Exalted Ruler; C. M. Meacham, Esteemed Leading Knight; H. E. Brown, Esteemed Loyal Knight; H. W. Linton, Esteemed Loyal Knight; Bailey Russell, Treasurer; T. C. Underwood, Secretary (absent); E. J. Duncan, Tiler; Sam Frankel, trustee.

APPOINTED OFFICERS.

T. L. Morrow, Esquire; J. W. Ridge-way, Inner Guard; Rev. G. C. Abbott, Chaplain.

Superintendent Duncan reported that a contract had been closed for the Gish residence as a temporary home and that the club rooms would be reopened in a few days.

There were many donations announced to assist in furnishing the new club rooms. The meeting closed with a smoker, the cigars being presented by the new Exalted Ruler.

EIGHT TEAMS MAY BE IN

Meeting of Kitty League Of-
ficials Was Held at Har-
risburg Sunday.

COMMITTEE AT CAIRO.

Season Will be Divided Into
Two Halves of Sixty
Games Each.

A meeting of the Kitty League magnates took place Sunday afternoon at Harrisburg, Ill. The delegates were met at the train in autos and taken on a trip about the town.

At the meeting six teams qualified for the season, Paducah, Hopkinsville, Clarksville, Harrisburg, McLeansboro and Vincennes, and Fulton, Henderson and Cairo all made formal applications for admission into the league. It is understood that several of the teams in the circuit are anxious for Cairo to get into the circuit. Relative to this move a committee composed of H. B. Sewall, of Paducah, and A. C. Murray of Clarksville, was appointed to visit Cairo and try and fix up arrangements for their entering the circuit. The committee was at Cairo Tuesday.

In all probability there will be eight teams in the circuit according to President Gosnell. Another meeting has been called for Sunday and it will decide then on this matter.

A schedule will also be adopted at that time. The delegates determined Sunday that the season should be divided into two halves, composed of sixty games each. The winners of the two halves will then play a post season series of five games.

OPENING DAY SET AGAIN.

A change in the day of the opening of the league season was made, shifting the day from May 25 to May 17. May 1 was set as the day the players should report to their respective teams.

The meeting was one of the most harmonious that has ever been held and the reports showed that all of the six teams were in splendid condition for the season and President Gosnell is very optimistic concerning the outlook for the year.—Vincennes Sun.

Friendly rivalry may be civilized.

FIGHT IT OUT SAYS MADERO

Insurgent Says Peace Will
Come Only With Down-
fall of Diaz.

SEES CORRESPONDENT

Changes In Mexican Minstry
Augurs Nothing to Him
Diaz's Pledges.

Madero's Camp, Bustillo's Estate, near Chihuahua, Mex., April 5.—A declaration that all talk of peace is futile so long as President Diaz refuses to resign and that the recent cabinet changes at Mexico City have served only to convince the insurgents of ultimate success, was made by Francisco I. Madero, the provisional president, in an interview, in amplification of one which he gave to the Associated Press a few days ago. Madero declared he was confident of "the final triumph of arms in the overthrow of Diaz."

In all northern Mexico, he said, the insurrection movement was spreading until now the federal troops were confined to the garrison towns, "at which the insurgents were preparing to strike a decisive blow."

Referring to his father and Gustavo A. Madero, his brother, who were reported to have initiated peace plans with Minister De La Barra with a view of ending the war, the insurrectionary president intimated strongly that they had no authority to act for him, and he would not accept any proposals which were not addressed directly either to himself or to Dr. Vasquez Gomez, his confidential agent in the United States.

Senator Lea Chooses Aide.

Nashville, Tenn., April 4.—Marshal M. Morgan, for several years city editor of the Nashville Banner, has resigned that position to become secretary to United States Senator-elect Luke Lea of Tennessee. Mr. Morgan is succeeded as city editor by Joseph R. Wilson, brother of Governor Woodrow Wilson of New Jersey.

Ability to read and write is now a suffrage requirement in Portugal.

DEMOCRATIC HOUSE MEETS

Congress in Extra Session
Starts With Many New
Members.

CHAMP CLARK SPEAKER

Democrats Plan an Investiga-
tion of all Departments
of Government.

Washington, April 5.—The Sixty-second congress met in extraordinary session Tuesday.

What the session will bring forth in the way of legislation, or when it will adjourn were matters on which no one cared to venture an opinion.

The democrats took full possession of the house and put Champ Clark of Missouri in the speaker's chair. In his speech accepting the honor of Mr. Clark warned the democrats that the eyes of the country were upon them; that the party was on trial and that it had an opportunity for the first time in sixteen years to prove its worthiness for a still higher expression of confidence on the part of the American people.

William Jennings Bryan and Gov. Harmon were prominent figures on the floor of the house during the opening ceremonies.

The senate's opening was sedate as usual, and while the leadership of the upper branch of the new congress remains in republican hands, the change in the personnel of those assuming command are almost as marked as in the house.

President Taft's message, dealing with Canadian reciprocity alone, will be read in the two houses of congress tomorrow.

Republican leaders of the senate have announced that there will be no tariff legislation at the extra session. Tariff revision is included in plans of the democrats.

This difference of opinion promises soon to bring the two branches into sharp conflict.

From a political standpoint it is likely that one of the most important things the democratic house will do will be to order a thorough investigation of the various departments and branches of the government service. The democrats claim there has been no such investigations for twenty years and that much good campaign material as well as much saving to the people will result from them.

NEWMAN OUT

Breathitt Decides He Has no
Grounds For Contest.

Frankfort, Ky., April 5.—Attorney General Breathitt gave Commissioner of Agriculture Rankin an opinion in which he held that the State Board of Agriculture, Forestry and Immigration could not elect a secretary of the State Fair for a period of four years.

Judge Breathitt says that as the terms of one or more members of the board expires annually it is impossible for the board to elect a secretary for a longer period than the board is compact. The opinion holds that the State Board of Agriculture, Forestry and Immigration acted in violation of the Kentucky Statutes when it adopted a resolution over a year ago electing J. W. Newman, secretary of the State Fair, for a period of four years.

He holds that the board can elect a secretary for one year only.

Under the opinion of Judge Breathitt, Secretary Newman has no chance to continue as secretary of the fair and Perry M. Shy becomes the secretary for the next year. Judge Breathitt quotes several authorities in his opinion, among them the Kentucky Property Co. vs. James, Auditor, which was recently decided by the Court of Appeals in favor of Auditor James.

Farm Near Trenton Sold for
\$43,800.

Mr. George P. Rives has sold his fine farm of 584 acres, near Trenton, to Mr. E. H. Webb, the price being \$75 per acre. Possession will be given in the fall. This is said to be the highest price for a farm of its size sold in Todd county since the Civil war. The sale was negotiated by M. M. Graves & Son, real estate agents of Trenton.

Mr. Rives will probably return to Christian.

Announcements.

We are authorized to announce
JOHN J. METCALFE
as a candidate for Councilman from
the First Ward. Subject to the ac-
tion of the Democratic party.

We are authorized to announce
E. H. HIGGINS
as a candidate for City Councilman
from the First Ward, subject to the
action of the Democratic party.

We are authorized to announce
N. A. BARNETT
as a candidate for City Councilman
from the Third Ward, subject to the
action of the Democratic party.

Congress will have to hurry up if
it attracts much attention. The
baseball season opens in six weeks.

Exactly one month after assuming
charge of one of the most important
offices in the gift of his company,
John A. Scott, general passenger
agent of the Illinois Central and
Yazoo & Mississippi Valley railroads,
died suddenly of heart failure at his
home in Memphis, Monday.

A dimpled brigade of blue and
brown-eyed babies will leave New
York on a long journey to homes
and mothers. Sixty little foundlings
will make the trip to fill vacant cribs
in many homes in Texas and Okla-
homa. Two sisters of charity, an
investigator and four nurses from
the New York Foundling hospital,
will have charge of the cooing car-
go.

Two hundred and seventy-five
Nashville saloon-keepers pleaded
guilty Monday of violating the pro-
hibition law in the Davidson county
criminal court and were fined \$25
each by criminal Judge Neil. The
cost in each case will make the
amount \$50. Some of the liquor
dealers are indicted in as many as
six cases. These small fines repre-
sent the total cost of operating in
prohibition territory.

The Kentuckian agrees fully with
Mr. McCreary that a platform should
be adopted, but does not agree with
him that the convention should be
held after the nominations are made.
The ticket should be nominated to
fit the platform and not a platform
made to fit candidates already nomi-
nated. A platform not accepted in
every way by the nominees would be
a source of weakness rather than
strength. The convention to be of
any advantage to the ticket should
be held before the entries close and
all candidates should be required to
stand on the same platform of prin-
ciples.

YEUELL MEETINGS

Will Begin Next Sunday At Christian Church

A message from Evangelist Yeuell
says that he will be here according
to appointment for next Sunday.
He is engaged in very successful
meetings in Cincinnati. These will
be concluded before the end of this
week. Mrs. Yeuell will accompany
her husband as on his former visit
here.

Preparation of suitable music for
the meetings here is being made
under the skillful direction of Mrs.
Foster. Mrs. Foster and Mrs. H. H.
Perkins will be the chief soloists of
the meetings. Both of them are so
popular with the congregation of the
Ninth St. Christian church that it
is doubtful if even the novelty of a
new voice in the case of even the
most distinguished evangelistic sing-
er would add to the interest which
will be felt in the music.

Interest in Mr. Yeuell's return to
Hopkinsville is not confined to the
town. The church people and their
friends out in the country and in
neighboring counties are anticipat-
ing the pleasure of hearing him
again. The Ninth St. church ex-
tends to all such a special invitation.

Next Sunday's services will occur
at 9:30 a. m., 10:45 a. m., 3 p. m.
and 7:30 p. m. The service at 3 p.
m. will be a mass meeting of men
and will be held at Union Taberna-
cle. At this meeting there will be
good music and Mr. Yeuell will
speak on the question "Was Your
Grandmother a Monkey?" Judge
Walter Knight will preside over the
meeting. The other services of the
day will be held at the church.

Averts Awful Tragedy.

Timely advice given Mrs. C. Wil-
loughby, of Marengo, Wis., (R. No. 1)
prevented a dreadful tragedy and
saved two lives. Doctors had said
her frightful cough was a "consump-
tion" cough and could do little to
help her. After many remedies
failed, her aunt urged her to take
Dr. King's New Discovery. "I have
been using it for some time," she
wrote, "and the awful cough has
almost gone. It also saved my lit-
tle boy when taken with a severe
bronchial trouble." This matchless
medicine has no equal for throat and
lung troubles. Price 50c and \$1.00.
Trial bottle free. Guaranteed by
all druggists.

Mines Leased.

Madisonville, Ky., April 3—Brent
Hart, owner of the Monroe mines,
has leased the property of the Terry
Coal & Coke Company, near Man-
nington, and will open the mines this
month. The mines were contracted
for twenty years.

"Tater Day" At Benton.

Benton, Ky., April 3.—Several
thousand people thronged Benton
today, and it was a successful ob-
servance of Tater Day, the time hon-
ored event of Marshall county farm-
ers.

The April term of the Marshall
circuit was convened by Circuit
Judge William Reed. The grand
jury was empaneled and Judge
Reed delivered his charge. The
petit jurors were empaneled also,
and all preliminary arrangements
prepared for the trial of cases, which
will begin tomorrow. It is estimated
that one of the largest crowds that
was ever present at Tater Day was
in Benton today.

Do Ghosts Haunt Swamps?

No, never. It's foolish to fear a
fancied evil, when there are real and
deadly perils to guard against in
swamps and marshes, tayous, and
lowlands. These are the malaria
germs that cause ague, chills and
fever, weakness, aches in the bones
and muscles and may induce deadly
typhoid. But Electric Bitters de-
stroys and casts out these vicious
germs from the blood. "Three bot-
tles drove all the malaria from my
system," wrote Wm. Fretwell, of
Lucama, N. C., "and I've had fine
health ever since. Use this safe,
sure remedy only. 50c at all drug-
gists.

Paper At Nortonville.

A stock company has been organ-
ized at Nortonville to issue a weekly
newspaper which will be called the
Nortonville Dispatch. The paper
will be edited by Ollie Armstrong.
Frank G. Hoge is said to be behind
the move. The paper will be issued
temporarily at Earlington and the
first issue will appear Saturday. As
soon as printing equipment can be
installed the paper will be gotten
out at Nortonville.

Gives Aid To Strikers.

Sometimes liver, kidneys and
bowels seem to go on a strike and
refuse to work right. Then you
need those pleasant little strike-
breakers—Dr. King's New Life Pills
—to give them natural aid and gen-
tly compel proper action. Excellent
health soon follows. Try them. 25c
at all druggists.

In Dizzy Spell.

Louisville, Ky., April 3.—Pitching
from the third floor window of a
Fourth Avenue office building this
morning, the body of Dr. C. C. God-
shaw landed on the curbing below,
almost in the midst of a crowd of
pedestrians on their way to business.
The plunge resulted in death for the
physician, who is well known in pro-
fessional circles and active in civic
affairs.

Terrible Picture of Suffering.

Clinton, Ky.—Mrs. M. C. McElroy,
in a letter from Clinton, writes: "For
six years, I was a sufferer from fe-
male troubles. I could not eat, and
could not stand on my feet, without
suffering great pain. Three of the
best doctors in the state said I was
in a critical condition, and going
down hill. I lost hope. After using
Cardui a week, I began to improve.
Now I feel better than in six years."
Fifty years of success, in actual prac-
tice, is positive proof that Cardui
can always be relied on, for reliev-
ing female weakness and disease.
Why not test it for yourself? Sold by
all druggists.

In 1875 when Hon. Jas. B. Mc-
Creary, then an unknown young
lawyer from Madison county, was
the third candidate in the contest for
Governor in which Gen. Corro Gordo
Williams and Col. J. Stoddard John-
son were the leaders, Christian coun-
ty was one of the battle grounds.
In the convention Mr. McCreary had
five supporters, while the others had
hundreds of followers. These five
were Dr. L. B. Hickman, Jno. P.
Ritter, A. G. Bush, Dr. J. P. Peyton
and W. H. Campbell. The only two
of these still living, Dr. Peyton and
Mr. Campbell, were on hand to hear
the speech Monday and both are still
for McCreary.

A BOLD STEP

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broad-cast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines.

Thus Dr. Pierce has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits and placed them in a class all by themselves by making them remedies OF KNOWN COMPOSITION. By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to the fullest scrutiny.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, torpid liver or biliousness and all catarrhal diseases wherever located, have printed upon it in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the strongest possible terms, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same.

As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.

GUARDING OLD MANUSCRIPTS

Government Finds an Additional Safeguard for Its Rare Documents in Japanese Silk.

In the preservation of its rare manuscripts and books the government has found an additional safeguard in Japanese silk.

Its use has removed a fear that long existed in the minds of librarians that the rare old manuscripts would dry up and return to their original elements. Fortunately, however, the employment of a silk of extreme thinness and transparency has settled the question of the life of these manuscripts for the next two or three hundred years at least. By that time, perhaps, some other method may be discovered.

This silk is thinner than the thinnest tissue paper, the threads being finer than spider webs. It is pasted over the manuscript so firmly that it wards off all dust and air, and yet is so transparent that it does not interfere any more with the appearance of the manuscript than would an ordinary pane of glass. It strengthens the manuscript so that the danger of handling is reduced to a minimum.

For some time past the library of congress has had in hand the examination and protection of all of its old manuscripts, employing for the purpose the silk mentioned. Unless one be an expert in old manuscripts, he is unable to recognize the fact that the silk has been used.—Harper's Magazine.

CURRENT COMMENT

CREAM OF NEWS COMPILED AND COLLECTED FROM ALL SOURCES

Smoke inspector Paul Bird says the smokestacks of Chicago scatter 500 tons of soot and cinders every day. And get Mr. Bird says Chicago is a clean city compared with others.

At Seattle, Washington, E. D. Jardine committed suicide as "an April fool joke." Why can't all of the jokers do like Jardine and play their jokes on themselves?

Montana cowboys are pleading for Eastern brides to come west and share their happy homes.

Whatever else can be said about winter, it knows how to "come back."

A Night Rider Mock Trial.

Some of the public schoolboys of Hopkinsville held a night rider mock trial at the courthouse a few nights ago to raise funds for their athletic association. From all accounts the proceeding did not differ materially from the actual court trials in night rider prosecutions in Kentucky.

A "prisoner" was arraigned on the charge of leading a band of night riders which had cruelly whipped a "farmer." The prosecution introduced a number of confessed "night riders" as star witnesses. Other evidence was offered strongly corroborative of the testimony given by these witnesses. The defense came forward with the usual alibi. The "prisoner," it was sworn by various witnesses, was initiated into a secret order on the night he was supposed to have been harrying the honest "farmer." During the process of initiation, it was testified, he was placed in a coffin and was being rowed up and down a river at the identical hour when the night riders were engaged in putting the lash to their victim.

Of course, the defendant was acquitted. The able "attorneys" made lengthy and exhaustive arguments for and against conviction, three on each side. At the conclusion of the oratorical pyrotechnics the case went to the jurors, who promptly rendered a verdict of acquittal without the formality of retiring for consultation. Whether they had placed their hands to their collars after being impaneled, as a signal to their fellows of the "Silent Brigade" that all was well in the jury box, is not stated, but the promptness with which they "delivered the goods" seems to indicate that they did manifest evidence of reliability.

It was all very funny and the audience enjoyed it immensely, but it wasn't a bit more farcical than any one of a score of such trials that have taken place in Kentucky in the temples of justice and under the forms of law.—Courier-Journal.

Why Silent?

In announcing his candidacy for the governorship Judge O'Rear is admirably outspoken. He tells frankly and in the main clearly just what he proposes to stand for, and in this respect he is, thus far in the present campaign, alone among the declared candidates. None other has, as yet, thus taken the voters into his confidence.

The Judge, however, might have gone farther. There are before the State other important issues than those on which he defined his views. There is for instance, the problem of lawlessness, from which Kentucky has suffered so much.

What is to be done to uphold the authority of the law?

What is to be done to redeem the State from mobs?

What is to be done to secure the performance of their duties by the officers of the peace?

After Vote Sellers.

Lexington, Ky., April 5.—Vote buying and selling is to be investigated by circuit Judges and commonwealth attorneys throughout Eastern Kentucky, according to reports received here today from various mountain sections in that county.

Hindman, the county seat of Knott county, reports that eighty-seven indictments were returned by the grand jury yesterday. This is in the same circuit district as Floyd county where 210 indictments were reported last week. Magoffin will be the next county where the probe will be taken up. After that will come Pike, Johnson and other eastern counties.

Charged With Robbery.

Clarksville, Tenn., April 5.—Frank Rankhorn, charged with robbing the Southern Express Company's office at Palmyra, was brought to Clarksville from McMinnville by Deputy Sheriff G. L. Welker. The crime as alleged was committed about two years ago, but Rankhorn escaped from the county and was not located until within the last few days.

Rebels Trapped.

A dispatch says 150 Mexican insurgents captured the town of Aldama, Friday, 350 Federals retiring. While the insurgents were celebrating with a dance and orgy, the Federals returned and shot them down like rabbits. In a running fight 34 were killed and scores wounded. The Federals lost 4.

Sunny Jim's Courtesy.

Washington, April 5.—Vice-President Sherman found the first opportunity to extend a courtesy to Kern of Indiana—his recent competitor for the vice-presidential office. The Indiana senator occupied the vice-president's chair about five minutes almost immediately after he had been sworn in.

HARRISON THE WINNING MAN

Elected Mayor Of Chicago For Fifth Time By 18,000.

MERRIAM IS DEFEATED

Victor on Democratic Ticket Ran Ahead of Former Candidates.

Chicago, April 5.—Carter H. Harrison, mayor of Chicago from 1897 until 1905, and son of Carter H. Harrison, Sr., who occupied the mayor's office from 1879 to 1887 and was assassinated during the World's Fair, was elected mayor for the fifth time yesterday. He defeated Charles E. Merriam, his Republican opponent, by 17,082 votes, gaining a total of 177,358 votes.

In spite of the opposition of a majority of the local press, the election was almost a complete Democratic victory. The election of F. D. Connery for city clerk and Henry Stuckart for city treasurer early was conceded, although a count of their total vote has not been completed. The majority of the city council has been increased by at least a dozen members.

Prof. Charles E. Merriam, his Republican opponent, conceded the election to Mr. Harrison at 6:30 p. m.

One of the features of the campaign was the vote polled by the socialist party. Five-sixths of the total precincts, the first in, indicated that the vote would reach 24,000, a gain of 11,000 over the vote of four years ago. On the other hand, the prohibition vote, which had been 5,875 four years ago, dropped to 3,000 this year.

City and Were Interred in Riverside Cemetery.

The remains of Mr. Geo. W. Bowlin, who was killed at Mobile, Ala., arrived here Tuesday and were interred in Riverside Cemetery. The body was accompanied to Hopkinsville by his wife, Mrs. Lois Bowlin. Mr. Bowlin was a brother of Mrs. C. B. Hammons, of this city, and was about thirty years old. The certificate stated that he came to his death as a result of hemorrhage from a homicidal wound.

Not An Experiment

Paint Lick, Ky.—Mrs. Mary Freeman, of this place, says: "Before I commenced to take Cardui, I suffered so much from womanly trouble! I was so weak that I was down on my back nearly all the time. Cardui has done me more good than any medicine I ever took in my life. I can't possibly praise it too highly." You need not be afraid to take Cardui. It is no new experiment. For fifty years, it has been found to relieve headache, and similar womanly troubles. Composed of gentle-acting, herb ingredients, Cardui builds up the strength, preventing much unnecessary pain. Try it for your troubles, today.

FISCAL COURT ON GOOD ROADS

To Experiment With New
Contract System for
Working.

PRICES UNDER \$30 MILE.

Armory Hall is to be Used
Only For Armory
Purposes.

The Fiscal Court has been holding a busy session for three days, the principal matter up for consideration being the making of contracts for working bridges for the year beginning this month.

Bids were advertised for and many have been received offering to work the county roads on contracts at from \$20 to \$150 a mile.

The contracts provide that the contractor shall grade and crown the road with suitable machinery, open and maintain the ditches with sufficient fall to drain all water off said road and if the ditches become too large to fill same so as to protect the road, and keep the roads, ditches and culverts free from obstructions. The road is to be dragged at least six times during the year. The contractor shall rebuild and repair all bridges and culverts of 20 feet span or under, haul all material for same to be furnished by the county, except stone abutments, haul and put in all metal culverts, but should culverts be required at new places the price is to be agreed upon, hauling not to be paid for. If the contractor fails to keep up the road as contracted, the Road Supervisor shall have the work done at his expense, any deficit to be collected on the bond required. Payments are to be made 75 per cent as the work progresses and 25 per cent when contract is fully complied with.

In Esq Martin's district the whole district is bid on at \$29 per mile. There are some bids in some parts of the county at \$20 and a good many at \$22 50 a mile. In the Southern half of the county, few bids were received and it is necessary to advertise again. Judge

GRADED SCHOOL

For Gracey To Be Voted On
May 23.

County Judge Knight has called an election at Gracey for May 23 on a graded school proposition. The district is to embrace portions of both Christian and Trigg counties and Sheriff Johnson will act in conjunction with the Sheriff of Trigg county in arranging for the election. Five trustees will be voted for. The proposition is for a property tax of 30 cents on \$100 and a poll tax of \$1 50.

Gracey people are keenly interested in better school facilities and the proposition is expected to carry.

TWO ADMINISTRATORS

File Suit For Death of Miss
Fannie Morris.

Attorneys Jno. C. Duffy and W. T. Fowler have filed suit for \$30,000 damages against the Tennessee Central Railroad Co., for the death of Miss Fannie Morris in the recent wreck near Clarksville. The suit is the name of her uncle, J.D. Capps, Administrator of the estate.

A suit for \$25,000 damages was recently filed at Clarksville by Chas. Morris, the girl's father, claiming to be administrator. Miss Morris had never seen her father, since she was a baby, her mother having been divorced and remarried. The courts will have to decide which suit is brought by the proper party.

DR WRIGHT'S

Meeting At Westminster
Church Growing In
Interest.

The interest in the meeting at Westminster church is growing with each service. Large congregations are filling the church and giving heed to the splendid sermons of Dr. Wright. Thus far he has been sounding the keynote and laying the basis for further services in preaching to church members and insisting on the necessity of personal work for the salvation of the lost. His sermons are illustrated by incidents of his own successful ministry and are thoroughly Biblical; his one thought being so to present Christ as to make Him a living force in the lives of his people. He makes it clear that the test of the possession of Christ is the willingness to bring others to Him. Church membership and apparently moral lives are not the grounds of salvation, that rests on the faith of the individual believer in Jesus Christ crucified for sin. Absolutely without sensationalism he is preaching the simple Gospel in such a way that everyone can understand it and find in it the way of everlasting life.

A choir under the splendid leadership of Rev. C. L. Nourse is adding to the attractiveness of the services by a fifteen-minute song service at the beginning. Mr. Wright's singing, which was such a feature of the meeting two years ago, is just as effective as it was then, and his solos are as impressive as his sermons. Miss Harbeson is winning her way into the hearts of the people by her magnificent voice and the simplicity with which she sings the Gospel message. When following Mr. Wright's sermon Tuesday night on "Personal Work," she sang "Must I go empty-handed?" it was clearly evident that the sermon was being pressed home by the song. The hopes of the congregation are being fully realized and Miss Harbeson is doing her part in the singing of the Gospel.

Services are being held twice daily, at 4 and 7:30 o'clock.

A Modern Stock in a Modern Drug Store

It has been a pleasure to us to be able to equip our drug store from the ground up with new goods and equipment.

The drugs, the sundries, the toilet articles, the prescription equipment, the furnishings and everything else are fresh, new and up-to-date.

We shall handle all the goods usually carried in a high class drug store as well as some exclusive lines that will be found here only.

One of our specialties will be the imported line of Violet toilet goods and preparations.

We shall also give attention to fine confectionery, handling among other goods the Modjeska caramels and Jacob's famous chocolates.

Who Was There That You Knew?

IN the shadowy ranks of those who marched to defeat or death or victory fifty years ago in the mighty conflict that convulsed this great nation, is there father or grandfather or uncle of yours? Would you like to see a photograph of him in that long ago day of his youth—a photograph that he never knew was taken? Perhaps we can show you one; and in any case, we can tell you a story, stranger than any detective fiction, of 3,500 priceless photographs that were lost and are found again.

3,500 Long Buried Photographs of the Civil War

THEY were taken by the greatest photographer in the United States of that day; they were bought by the United States Government for \$30,000; they were buried in the War Department for 50 years—they are buried there still. But a duplicate set was kept by the photographer—who died poor and broken down; that duplicate set was knocked from pillar to post for nearly 50 years, until it was discovered by a New England collector. J. Pierpont Morgan (tried to secure the collection—Ex-President Garfield and General Benjamin F. Butler said it was worth \$150,000—yet with the help of the Review of Reviews, the entire collection has been gathered into 10 great volumes and is placed within your reach at less than the value of one of the photographs. It is the one accurate, impartial history of the Civil War you never heard before. Taken under protection of the Secret Service, these photographs bring to light thousands of little-known phases of the war; they penetrate to strange places and record strange things.

MAKE CLOSET SPACE FOR DELICATE BREAD

ARRANGEMENT THAT GREATLY INCREASES CAPACITY. EXCELLENT RECIPES THAT ARE WELL WORTH NOTING.

Hangers That Can Be Lifted Up to the Ceiling Will Be Found of Much Value—Use for Old-Fashioned Secretary.

Help for dwellers in apartments whose closet room is congested comes in hangers that can be poked up to the ceiling. Therefore that space between the top and the line of hooks which hitherto has been wasted becomes of value by means of one or two rods stretched across about four inches below the ceiling. The value of this arrangement is not only in use of space that has been idle, but that long dresses may be hoisted so high that they are not in the way when entering the closet.

Whether one or two rods may be used in this fashion depends upon the depth of the closet. There must, however, be space enough to permit all garments being placed on coat hangers.

The racks which are to be skied are those ordinarily used, and to make the handling of garments placed so high easy there is a long stick, with a hook at the end, which may be used to lift clothes down and put them back without reaching.

The rods should be put across the closet, or from end to end, but arrangements depend, somewhat upon the shape of the closet.

Needless to add such garments as are skied should be those not worn every day, and the stick for taking them down should be kept in the closet.

A woman who has lived for many years in an apartment finds an old-fashioned secretary a useful piece of furniture, because of the number of different articles it will hold. The lower section is always either drawers or a cupboard, and underclothes or other garments may be tucked away in such manner that they may be easily taken out. The top always has doors and shelves. If the doors are of glass they can be backed by plain or figured silk, ruled on rods. In the hidden space thus arranged no end of articles, large and small, may be placed.

An old-fashioned bookcase, which begins at the floor, and is about five feet high, may be converted into a clothes closet.

The shelves may be removed and hooks put around the top, inside, so coats and skirts of any kind may be hung.

When serving a pineapple sherbet, add a spoonful of maraschino to each portion after putting it into the glass cups.

Boil the milk and the liquor of the oysters separately. Put them together boiling hot and the milk will not curdle.—Suburban Life.

Rich fruit cake has done service in an emergency as pudding and deceived the guests completely. The cake was steamed, cut in slices and served hot, with a rich plum pudding sauce.

If the cake frosting is too thin, put it in the sun, which will draw the water from the frosting; then put the frosting on the cake, set the cake in a hot oven for just a minute, and the frosting will harden.

When baking custards grate some chocolate over the top just before putting them into the oven. Those who like chocolate will find a delightfully brown and "crusty" coat over the custard when done, while the mass beneath will remain a clear gold color.

Roast Jigot of Mutton.

This may be done in an iron saucepan, and does not demand the attention that open fire roasting does. Warm the saucepan thoroughly and rub the bottom with a little butter. Then lay in the jigot, and turn it frequently till it is all nicely browned, then lift saucepan to the side of the fire and let it cook slowly till wanted. It may be salted by pouring salted water over it. Two hours should cook a seven-pound leg of mutton.

Cream Rice.

Cook rice in rapidly boiling salted water until tender. Take as much as required for dessert and mix with a cupful of whipped and sweetened cream. Flavor with vanilla and set away in a cold place. This is simple, but is always satisfactory.

Saving the Cake Dough.

It is rather a source of irritation to the cake maker when she cannot get all the dough out of the bowl, but if she will use a piece of cardboard to scrape with, not one bit of the dough will be wasted.

Remove Warts.

Sandpaper will remove warts, even the big seeded one. Rub the warts with sandpaper till they begin to feel tender. Then rub well with sweet oil, and they will disappear as if by magic.

Whole Wheat Crisps (especially good for children)—One cup rich cream, sweet or sour, one-quarter cup sugar, one salt spoonful sugar, two cups fine granulated wheat flour, or enough to make a stiff dough.

Knead fifteen minutes, or till stiff enough to roll out thin as a wafer. Cut with a biscuit cutter, and bake on ungreased tins in a very hot oven. The sugar will sweeten the sour cream sufficiently.

Rice Crisps—Cook one cup of cold boiled rice in the double boiler in milk enough to make a thin mixture, and until the rice is very soft. Add one tablespoon full of sugar, a little salt, one egg and flour enough to make it hold together. Spread on the pan, having the mixture one-third of an inch thick. Bake in hot oven. Split and eat with syrup.

Wafer Biscuit (for invalids)—One pint flour, one tablespoonful butter, one saltspoonful salt, white of one egg, warm new milk enough to make a stiff dough.

Mix salt with flour, rub in the butter, add the beaten white of egg and milk enough to make a stiff dough. Beat half an hour with a rolling pin without ceasing. Break off a little piece of dough at a time and roll it out as thin as paper. Cut into large rounds. Prick with small wooden skewer and bake quickly without burning.

Gluten Wafers (gluten is a preparation of wheat flour without the starch)—Half a cup of sweet cream and one saltspoonful of salt. Stir in gluten flour enough to make a stiff dough. Knead and roll out very thin. Cut into rounds and bake a delicate brown on an ungreased tin.

Hasty Pudding—Put one quart of water on to boil. Mix one pint of corn meal, one teaspoonful of salt and one tablespoonful of flour with one pint of cold milk. Stir this gradually into the boiling water and boil half an hour, stirring often. Eat it hot with milk and only in cold weather.

To Launder Wool Caps.

Wash cap in luke warm water with foxy soap that has been boiled to a jelly, add a little borax, do not rub cap, just squeeze with hands, as rubbing pulls cap out of shape. Rinse in lukewarm water with a little borax; do not hang cap on clothes line; make a head form as near to the shape of the cap and the size of the head to be worn on, as possible. Make firm by sewing a piece of muslin the shape of cap. Stuff form with excelsior or clothes; have form stuffed tight and evenly; if cap has shrunk, make form larger than cap; if inclined to stretch make smaller; put cap on form to dry in a hot place. If above directions are followed your cap will not look as if it had been laundered, but it will look as if it just came from the store, and will not be out of shape.

Baked Fish With Oatmeal Bails.

For this dish the middle cut of a good cod is the best. A convenient size is about two pounds in weight. Wash it, remove the skin and allow it to stand with a little salt sprinkled over it for a few hours. Then dry it and place in a large pudding dish that has been well buttered. Pour in one cupful of milk and the same of water, and bake for half an hour. Mix together half a pound of oatmeal, six ounces of chopped suet, and seasoning of salt, pepper and chopped parsley. Bind with a beaten egg and a little water. Make into small balls, cover with fine dry oatmeal, and dip into the pudding dish. Allow all to cook for another half hour.

Hickory Nut Ice Cream.

Pound one pound of shelled hickory nut meats in a mortar until they are a fine paste; add them to a quart of cream and set one side while you prepare a custard made from a pint of milk, three eggs and a cup of sugar; keep stirring until it thickens, so that it will not curdle; take from the fire, add another cup of sugar, and set where it will cool; when quite cold add the cream with the hickory nut meats, then freeze.

Creamed Celery and Egg.

A leftover of creamed celery was re-warmed by setting dish in cold water and letting come to boil, then pushed to less hot place on stove. Just before removing from heat two leftover hard-boiled eggs were chopped and cut into the cream. Served on toast as a supper dish.

Hot Milk Cake.

One cupful of sugar, two eggs, one cupful of flour, pinch of salt, one teaspoonful baking powder, and one-half cupful of hot milk. Beat well and bake. A little grated chocolate may be added for a dark cake or a few nuts or cocoanut.

Splendid Cake.

Two cups sugar, one cup butter, four eggs, four cups flour, one cup warm water, one-half teaspoon soda, one teaspoon cream of tartar, one teaspoon extract lemon, one-half teaspoon vanilla. One-half of above for one cake.

SEE THEMSELVES IN NOVELS

Common Fault of Many Citizens Is to Imagine Themselves Portrayed.

Tragedies like the murder of David Graham Phillips are uncommon. Singular this, for the average citizen is always being written up by novelists, and knows it. Whenever he discovers a particularly obnoxious character in a novel he cries excitedly, "That's me!" Realizing how unimaginative the novelists are, and how lazy, he sees that they aren't going to waste energy inventing characters when a person of his utility is right in the foreground of the universe.

You will notice, too, that the cry of "That's me!" generally enjoys an accompaniment of vigorous kicks and screams, as who would say, "That's me to a dot, and by Jiminy, and it doesn't resemble me in any particular! Horrors! This unrecognizable caricature makes me odious and ridiculous in the eyes of all Christendom. I am ruined."

Despite his kicks and screams, the average citizen relishes being flayed by a novelist. It confers distinction. It is as agreeable, nearly, as being bitten by a multi-millionaire's bulldog. Nearly, but not quite, as being bitten by a multi-millionaire's bulldog, you can exhibit the bite and prove your eminence. When flayed by a novelist you are disgustingly confronted with Dakota Dams from all over creation who insist they are you.

GOOD ARRANGEMENT.

Tom--You take the arm-chair, Pearl.

Pearl--No, you take it.

Tom--Well, suppose we both take it?

HOG ARISTOCRATS.

There is an aristocracy in hogs, not including the street car and public assembly variety. In Ohio it has been discovered that hogs fed on a brain-producing diet and reared under sanitary conditions are more cleanly and furnish pork of a higher quality than others. The experiment lasted a year at the state experimental station. Forty hogs were reared in modern sanitary pens and fed specially upon prepared grain. Some months after this treatment, when let loose from the pens, these hogs refused to associate with the common swine. They were killed, and their meat has been pronounced by experts to be the most succulent and tender pork ever known.

GEORGIA PHILOSOPHY.

Since you were not on hand to give Providence instructions when the world was in the making, why growl about the gait it is going, forever finding fault, and roaming around with a candle when the sun is shining? The old world doesn't turn to look at the greatest man in the country, and all the growling you can do can't whitewash one black spot on the face of the sun. Why not join the jelly procession and whistle the clouds away?--Atlanta Constitution.

WOMAN AMBULANCE SURGEON.

Dr. Elizabeth Bryn has taken up her duties as an ambulance surgeon in New York, this being the second woman in that city who has done such work. She is a graduate of the Cornell medical school and in her examination for the position came out ahead of 40 men. She has had a three months' course in jiu-jitsu in preparation for her work.

"He expects to draw the people like rats."
"Well, maybe he will. He sure is a piece of cheese."

EASIEST METHOD THE BEST

Tale of Two Women Who Had Trouble With the Inquisitive Census Enumerator.

"I had a good deal of trouble with that census enumerator," said Mrs. Terwilliger. When he called for the blank he had left at the house he said it hadn't been filled out properly. Then he began to ask a lot of impertinent questions about things that didn't concern him in the least.

"I told him it was nobody's business how old I was, and whether there was a mortgage on the property or not and all that sort of thing. But he insisted on knowing. He even made threats. I declare, I thought I never would get rid of him. He staid half an hour, and when he went away at last he said he'd come again when my husband was at home, and those questions would be answered or he'd know the reason why."

"Well," remarked Mrs. Jerrold, "that shows that you didn't know how to manage him."

"Did he come to your house, too?"
"Yes, but he wahn't there five minutes. I hadn't the least bit of trouble with him."

"How did you manage him?"
"Why, I answered all his questions civilly."--Youth's Companion.

SIMPLY A LAW OF NATURE

Momentum of Heavier Object Moving Through Air Is a Matter of Course.

If two objects having the same size and shape, but different in weight or mass, are thrown with the same initial velocity, the heavier one has more momentum. The momentum of a moving object is proportional to its mass and to its velocity. The meaning of the term may be understood by remembering that a heavy ball is harder to stop than a light ball if both are moving at the same velocity. These two objects of the same size, but of unequal masses, meet with the same resistance and therefore the momentum of the lighter body is sooner overcome. That is the reason that the lighter body cannot be thrown so far starting with the same initial velocity as can a heavier body. More than that, within certain limits the heavier body can be given, with the same power, equal, if not greater, initial velocity. For example: In throwing, the arm can be swung with more effect with a stone in the hand than with a feather.

WELCOME REFORM.

Says a man who has recently discovered that his better half has taken advantage of the concealing grace of a tunic drapery to have two real and welcome pockets inserted in the under portion of the skirt on several of her full frocks:

"The return of the prodigal, the return from Elba, are as nothing to the latest return of the pocket to women. The affairs mentioned have created some slight stir in the world, but this threatens to create a revolution. In future a conversation with a woman friend will not include picking up her pocket handkerchief at least three times. When one takes out one's wife she will not cry out at every turn: 'Oh dear, where is my bag? I must have dropped it in the cab or the shop.' Those who wish to keep women down should never have allowed pockets to them. Properly considered, the possession of a pocket is a greater stride on the path of independence than the winning of the vote."

NOW WORKS IN AN OFFICE.

Mrs. M. L. Baldwin, who is the granddaughter of a Chippewa chief, is now one of the adjusters of Indian affairs in the office of the secretary of the interior at Washington. Until she was fourteen years of age she slept in an Indian tepee and lived as all Indians did at that time. Her father was a French Huguenot and was a judge, while his daughter was well educated.

MAN TO THE RESCUE.

A Brooklyn man has suggested to the clubwomen of the New York City federation a hat-pin protector that seems better adapted to the purpose than most that have been presented for the hat-pin show, which will be made by the society next month. He says that he has made a study of the subject, having encountered many pins in the subway.

TOOK FRENCH LEAVE.

Young Man Charged With Theft Gives Officer Slip.

Basil Dempsey, of Madisonville, was taken into custody by Sheriff Johnson, Monday, on a charge of grand larceny. The sheriff had no warrant, but was holding him until an officer arrived with one from Madisonville. In the afternoon the sheriff left the office and a moment afterwards Dempsey got up and went out, the office deputy, Miss Mary Johnson, supposing that he had been told to follow her father. Dempsey quietly disappeared.

He was wanted on a charge of stealing a \$150 diamond brooch from Mrs. Blount Jones, a society woman of Madisonville. He is alleged to have taken the stone while he was hanging paper. He was located here working at his trade for the Forbes Manufacturing Co.

Dempsey is well connected at Madisonville, being a son of a jeweler there. He has heretofore borne a good reputation.

PINK EYE GERMS

Breaking into Elite Society, Taft Heads List.

Have you got pink-eye? If you have, you are in fashion. If you haven't, you are liable to have it, if these March winds keep blowing the dust about the city. When the April showers follow the March winds and wash the spring dust, the pink-eye germs go into summer quarters and hibernate until next spring.

President Taft is afflicted with pink-eye, United States Senator La Follette recently underwent treatment for pink-eye. There is said to be an epidemic of pink-eye among notables in Washington and New York.

There are many cases of pink-eye in St. Louis, and these strong winds are blowing constantly increasing number of cases of oculists daily. Few cases were reported until the strong winds of the last few days set the germs in motion.—St. Louis Post Dispatch.

What Is Pink-Eye?

Dr. Edwards, who has several cases now under his care, says it is acute conjunctivitis, which means that the membrane lining the under surface of the eye lid and the outer surface of the eye-ball, are acutely inflamed.

The disease is painless, although unpleasant. The germ causing pink eye is a minute fly. These flies live in the dust and are carried along by the winds. The affliction is infectious, and should the fly get in one eye, the other eye usually develops a case of pink-eye through infection, or sympathy, unless the germ is removed by proper treatment.

KILLS BEAR WITH FEET.

Woman Jumped On The Beast And Broke Its Spinal Column.

Albuquerque, N. M., April 5—The man who fights wildcats with his bare hands took a back seat yesterday when Mrs. Samuel Edwards of Mountain Air killed a big bear cat with her feet. She discovered the animal in her barn, where her little baby was at play. Unarmed, she took a running jump at the beast, landing squarely on its back breaking its spine.

It's useless to waste broad hints on narrow-minded people.
